Professional Summary

Detail-oriented Revenue Cycle and Sales Operations professional with hands-on experience in healthcare RCM, front-office administration, and B2C sales. Skilled in dental billing systems, insurance verification, payment processing, and revenue optimization using Denticon and AirPay.

Combines strong analytical thinking with customer-facing experience to improve collections, reduce claim denials, and support business growth. Adept at working independently in remote environments while maintaining compliance with HIPAA standards.

Professional Experience

RCM Specialist (Remote)

Village Family Dental – Remote | [April 2025 – October 2026]

- Managed full-cycle revenue operations including insurance verification, claim submission, payment posting, and AR follow-up.
- Reduced claim denials by proactively identifying coding and documentation discrepancies.
- Processed patient payments using AirPay and reconciled transactions within Denticon.
- Coordinated with insurance providers to resolve billing issues and accelerate reimbursements.
- Maintained strict HIPAA compliance in handling patient data.
- Submit and manage **preauthorizations for dental procedures**, with particular experience handling **North Carolina Medicaid** preauthorization requirements.
- Track preauthorization outcomes and perform **resubmissions when requests are denied, returned, or require additional information**, helping ensure procedures receive appropriate insurance approval.

On-Site RCM & Operations Support

Zimworx – [Lusaka, Zambia] | [April 2025 - Current]

- Assisted in managing billing workflows and claim tracking for partnered dental practices.
- Monitored aging reports and followed up on outstanding claims to improve cash flow.
- Supported documentation accuracy to minimize insurance rejections.
- Worked cross-functionally to improve operational efficiency between clinical and billing teams.

Sales & Front Office Representative

Carpediem Contractors – Lusaka, Zambia | [February 2025 – December 2025]

- Sold and marketed gas cylinders to retail and commercial customers.
- Managed front-office operations including invoicing, cash handling, and customer inquiries.
- Built strong customer relationships, driving repeat business.
- Tracked inventory levels and coordinated restocking.
- Contributed to revenue growth through upselling and direct customer engagement.
